TENAX[®]

EXTRUDED NET WRAP

Made in the USA

FEATURES:

- ☀ Most durable netting on the market
- ☀ Strong vertical and horizontal ribs
- ☀ UV stabilized with black colorant
- ☀ Lasts 2 -3 years on bale
- ☀ Move the bale several times without degradation
- ☀ Easy to chop and cut
- ☀ Fast and easier removal in cold snowy weather or freeze
- ☀ Extruded netting with semi-rigid structure
- ☀ Production run traceability

BENEFITS:

- ☀ Easier to remove from the bale than other products
- ☀ Extruded net wrap bale can be handled roughly in frozen temperatures
- ☀ Semi-rigid design means full coverage of bale without using additional netting to cover the edge
- ☀ Net wrap bales create a protective "thatch" to shed moisture
- ☀ Less wraps required on your bales
- ☀ Less wraps = netting saved = money saved
- ☀ Works best in New Holland[®], Case[®] and Heston[®] balers

Product Code	Dimensions
2A100127	48" x 5000'
2A110002	57" x 5000'
2A100129	64" x 5000'
2A100128	48" x 7000'
2A100064	64" x 7000'

TENAX[®]

KNITTED NET WRAP

FEATURES:

- ☀ Colored marker on edge of roll for quick loading identification
- ☀ Red stripe marker on last 200 feet of roll
- ☀ High quality resin with long lasting UV protection
